Friends Of Library Group To Be Organized

Ronald C. Spiggle, chairman of the Appomattox County Library Advisory Committee, has stated, "Any community is a better place to live if it has a first rate library."

In order to upgrade the resources and services of the Appomattox County Library, the Library Advisory Committee plans to organize a Friends of the Library Group at a meeting on Monday, September 8, 1975, at 7:30 p.m. in the Appomattox County High School cafeteria.

All persons living in town or in the county interested in helping the library and becoming a "Friend of the Library" are urged to attend this organizational meeting.

The Friends of the Library group will have three main objectives to achieve in their work.

First, the Friends will attempt to create a public awareness of the library and its invaluable functions. Next, the group will help the library meet its needs. Finally, the development of public support for the library will be another goal for the Friends of the Library. Public support in the form of book donations, monetary contributions, and volunteer service will be a focal point of the group's efforts.

The brick, 2-story county library, which is located on Church Street in Appomattox, offers invaluable services to the citizens of the community, and it is hoped that many individuals will express their appreciation by participating in the new Friends of the Library group.

Cloud Abernathy, Court House maintenance man, and two painters, William Harrison and Sammy Austin, can be seen daily painting the exterior of the Appomattox County Court House building. Only the outside of the building will receive a fresh coat of paint and the completion of the painting operation is expected in approximately three weeks.

Equipment Missing From Loan Closet

According to a request from Brod Pack at the Appomattox Drug Store, equipment on loan from the Loan Closet should be returned as soon as possible.

Hospital beds, wheel chairs, crutches and items of this nature are donated for the use of citizens of the county by the American Cancer Society, the Appomattox County Rescue Squad, and the Piedmont Heart Association. Upon a doctor's request items are loaned for the period of time needed.

In a lot of instances when the patient has no further need of the equipment he or she forgets to return it to the Drug Store. There is a shortage of some of this equipment. If you have borrowed anything from the Loan Closet and have finished using it, please make every effort to return it as soon as possible so that someone else may benefit from the use of these items.

School Opening Set September 2

Alternate Route To High School Under Construction

The State Highway Department, in co-operation with the town of Appomattox, is presently constructing a 600-foot long extension to Dogwood Street that will intersect Evergreen Avenue (Rt. 1002) at the new Appomattox County High School. Once completed, the road will provide an alternate route to the high school. Also, the new road will allow school bus traffic to circumvent the dangerous corner that now exists at the intersection of Evergreen Avenue and Church Street.

Completion of the extension is expected by the opening of the fall school session.

The right of way to construct the road was donated by Bennett T. Matthews, Inc.

Jaycees Sponsored Rodeo To Return Saturday and Sunday

The Diamond World Championship Rodeo, which was able to hold only one of its two scheduled performances in mid-July due to inclement weather conditions, will return to Appomattox this week end for two shows. Sponsored by the Appomattox County Jaycees, the rodeo is slated to begin at 8 p.m. on Saturday night, August 23, at the Town Ball Park, with the second show to follow at 2 p.m. on Sunday, August 24.

The event has been given official approval by the International Rodeo Association as IRA cowboys and cowgirls will be competing for prize money and championship points. Professional cowboys and cowgirls can win points toward a championship in the IRA only by competing at sanctioned IRA rodeos.

The championship event will feature Bareback Riding, Calf Roping, Ladies Barrel Racing, Saddle Bronc Riding, Steer Wrestling, Team Roping, and Wild Brahma Bull Riding.

Those who purchased tickets in mid-July for the original performances will be able to use their tickets for either of the shows.

For individuals who desire to purchase tickets for the rodeo, members of the Jaycees have advance tickets on sale through Thursday only. Advance tickets are $5.00 for adults and $2.00 for children, while at the gate, tickets will be $4.00 for adults and $3.00 for children.

The Appomattox Jaycees along with the Diamond World Championship Rodeo have geared their rodeo for good clean family entertainment.

State's Economy Headed Upward

RICHMOND - Virginia's economy has "turned the corner and is heading upward", according to J. Gordon Gifford, editor of the Virginia Employment Commission's Economic Indicators magazine.

Gifford, writing in the current issue, said that 14 of the 18 indicators used to measure the state's economic health improved in June over May, while only four declined. In May, eight rose over the previous month and 10 declined.

Four of the six leading indicators -- those which show economic changes earliest -- improved in June. They were: the average workweek for manufacturing production workers, up to 39.3 hours from

Employees Work To Improve Schools

The improvements in the Appomattox school facilities are primarily due to the hard work of the School Maintenance Department. Three workers, (l to r) Sam Crews, Anderson Hankins, both regular maintenance employees, and Hope Lewis, a Neighborhood Youth worker, take a deserved break while painting the lockers and walls in the Appomattox Middle School. The light-colored paint used in the upgrading operation provides the background.

Upgrading Of Appomattox School Facilities Continues

Over the summer months, the Appomattox County school maintenance department has busily been improving the facilities at the Appomattox Middle School, the Appomattox Elementary School, and Pamplin Elementary School, in preparation for the September 2 school openings.

According to Lloyd Walton, superintendent of county public schools, the completion of the new high school and its superior physical plant helped provide the impetus to upgrade the condition of the other schools. Walton added that the school board intends to continue its efforts to provide the facilities necessary to achieve the best learning environment for the students.

The most noticeable improvements have occurred at the Appomattox Middle School, where changes include a bright-colored paint on the interior and a lowered ceiling with excellent lighting. The new lighting system meets all state requirements for footcandles of light, and the light-colored paint creates a pleasant, cheerful atmosphere.

Also, new draperies have been purchased for the school's home economics department. Combined with the desks purchased last year, these changes enhance the appearance of the Middle School tremendously.

Opening day procedures in each school have been announced by the principals.

Cecil B. On Sept. 2 please report to the cafeteria. At that time student guides will assist you in finding your homeroom. Those students who do not know their homeroom assignments will receive this information in the cafeteria. Once students have reported to assigned homerooms, homeroom teachers will provide student schedules.

According to Hesleine Foster, the Appomattox Middle School will function in the following manner on the opening date: Students will go to the gymnasium upon arrival at school to receive homeroom assignment to which each student will report. The SCA will provide guides to help students locate the gymnasium and homerooms. Homeroom teachers will provide student schedules.

On the days of fee collection, the SCA will provide orientation tours for interested parents and students to acquaint them with the building.

Mrs. Barbara Waddell, principal of the Pamplin Elementary School, states that all kindergarten students will be met at the buses by adults, who will take them to their classroom. Other students will report to their respective classrooms.

The principal of Appomattox Elementary School, Robert Williamson, has announced that upon arrival of students at the Appomattox Elementary School, students will be greeted by teachers, parent volunteers, and student guides. These persons will place a tag on each student with the number of the student's bus and then direct the students to their respective classrooms. Class rolls will be posted on the doors of homeroom teachers.

Parents are requested to send their children to school on the bus the first day. This will enable teachers to direct them to the correct bus in the afternoon for the return trip home.

New students who have not registered prior to the opening day for the 1975-76 session are to report to the office upon arrival.

Mrs. Patricia Torrence, Appomattox Primary School principal, has released the following statement in regard to opening day of school: Teacher aides and parent volunteers will meet students as they arrive on the buses, pin the bus number on each student, and direct the
